The guide is an Android ActiveSync Configuration Guide for Hosted Exchange 2013.

However, various Android versions may have different screen prompts and the layouts below are for your reference only. The general step should still hold.

1. Configuration

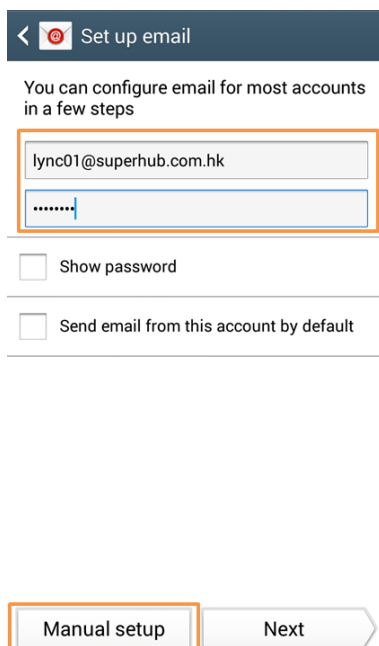

Step 1:

Open **Email** app in your android. Select **Menu and Setting**.
Select **Mail**. Select **Add Account**.

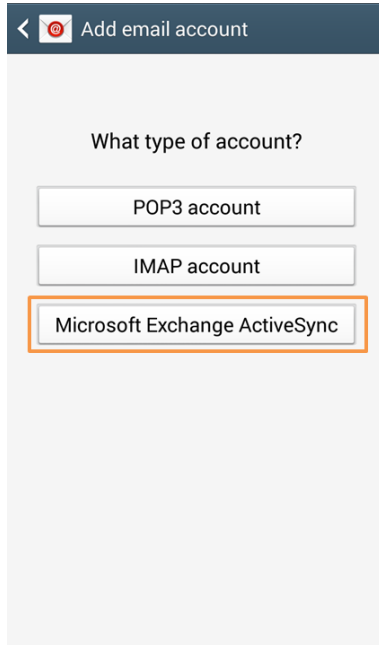

Step 2:

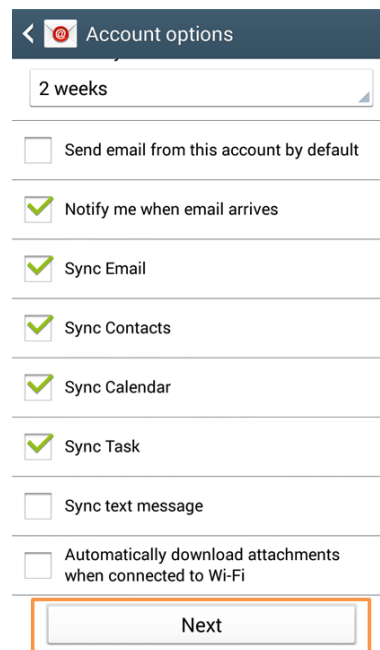

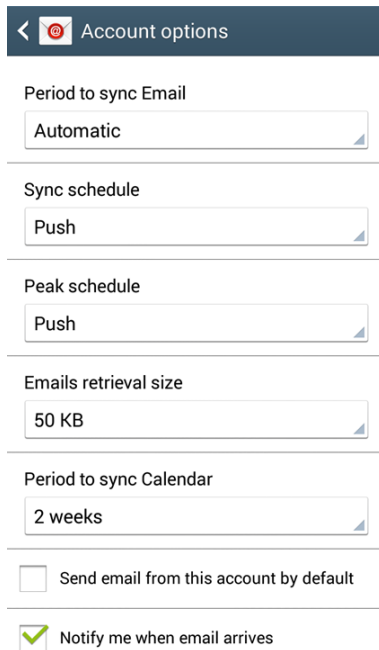

Enter your username and password. Click **Manual Setup**.

Step 3:
Select Microsoft **Exchange ActiveSync** (or **Exchange** in some devices).

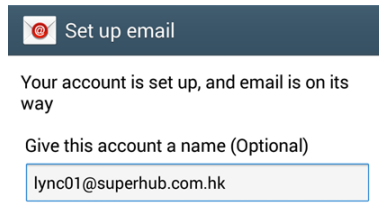

Step 4:
Confirm the account options such as sync **Contacts**, **Calendar** and **Email**. Click **Next**.

Step 5:

An ActiveSync account is setup in your android device successfully. Click **Next** to start.
